

IN THE ABSTRACT OF THE DISCLOSURE

Please replace the original Abstract of the Disclosure as filed, with the following Abstract of the Disclosure.

ABSTRACT OF THE DISCLOSURE

A method of managing consumer goods used in an analyzer includes monitoring the consumption status of consumer goods consumed by an analyzer, transmitting the monitoring results, analyzing the consumption status of consumer goods used in the analyzer according to the consumer goods supplier and according to consumer goods in which the consumer goods suppliers deal, and transmitting the analyzed consumer goods consumption status and supply management information to a management unit for the analyzer, the consumer goods suppliers' supply management unit or a supply management unit for a consumer goods vendor. After confirming the supply status based on the consumer goods supply management information, payment is requested from an analyzer administrator, the consumer goods suppliers or a consumer goods vendor in consideration of use of the information based on the consumer goods consumption status.
